

## **STEADY-BRACE GUIDE and INSTALLATION INSTRUCTIONS**

*Thank you for purchasing the A3 Tactical Steady-Brace pistol stabilizing brace. Unlike most braces in the industry, our primary design focus for the Steady-brace was to create a minimalistic approach for compact firearms. Strapping the pistol to your arm, as most other braces are designed does enhance stabilization, but is not always necessary and can be awkward and uncomfortable. For most applications all that is really necessary to achieve additional stability is a third point of contact. This is easily accomplished by simply providing frictional engagement to the forearm. The “hook” at the base cradles the forearm helping to counteract muzzle weight by distributing the weight and recoil through more points of contact. The result is a low-profile, sleek and ergonomic minimalistic arm brace without extra bulk or complications.*

### **INSTALLATION AND USE:**

Your A3 Tactical Steady-Brace is designed for use with the A3 Tactical Modular line of folding and telescoping braces. The only tool needed for installation is a T20 Torx wrench.

1. Simply position the Steady-Brace over the end of your A3 Tactical modular extension then thread the (2) provided 10-32 x 5/8” screws into the extension.
2. If the strap is to be used, attach the strap to the base of the Steady-brace using the eyelet in the strap and the provided attachment hardware. Wrap the strap around the brace using the Velcro to secure it to itself until use.

### **USING YOUR STEADY-BRACE:**

The Steady-Brace is very easy to use. The brace is offset and simply rests against the inside medial portion of the forearm. The “hook” cradles the base of your forearm, providing extra stability and support while firing. If additional support is desired your Steady-Brace ships with a Velcro strap that can be connected to the brace. The strap will accommodate up to a 7.75” diameter forearm and installs in minutes. See images for proper brace use and installation of the strap.

**USING STRAP:**

## DISCLAIMER

A3 Tactical, Inc. ("A3") shall not be liable for personal injury from the use of its products, unless such injury was due to willful fault or willful negligence of A3. A3 assumes no responsibility for product malfunction, physical injury, property damage, civil liability or criminal culpability resulting in whole or in part from misuse, criminal use, or negligent, improper, or careless handling, unauthorized modifications, unauthorized installation or assembly, abuse, neglect, or any other influences beyond A3's control. Under no circumstances shall A3 be held liable for incidental or consequential damages with respect to economic loss, injury or property damage resulting from the breach of any express or implied warranty; this limitation does not apply to states that prohibit the exclusion of consequential or incidental damages. A3 MAKES NO WARRANTIES OTHER THAN THOSE EXPRESSLY DESCRIBED HEREIN. THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE ARE EXPRESSLY DISCLAIMED. ALL DISCLAIMERS AND LIMITATIONS OF LIABILITY SHALL STILL APPLY EVEN IF THE LIMITED REMEDY OF REPAIR AND REPLACEMENT FAILS OF ITS ESSENTIAL PURPOSE.

**A3 Modular Brace NFA Disclaimer:** The National Firearms Act ("NFA") governs firearms that fall under its purview, such as machineguns, suppressors, any other weapons, short barreled rifles, and short barreled shotguns. The A3 Modular Brace is not designed, nor should it be used, as a stock or to discharge a firearm from the shoulder. Simply put the A3 Modular Brace is to be used as an arm brace designed and intended to achieve greater stability and control with your pistol leading to greater accuracy. ATF has not classified the A3 Modular Brace and may, at some future time, classify it such that it becomes governed or regulated by the NFA or other applicable federal law.

Additionally, state or local laws may govern or regulate your possession and/or use of the A3 Modular Brace. You are responsible for knowing your state and local laws and complying with them. Please be advised that you are responsible for the proper and legal use of the A3 Modular Brace at all times.

**WARNING:** At all times the first concern of every firearm owner should be safety. Follow all instructions on the proper handling and safe use of this product, or any, firearm accessory. If you feel uncertain about any operational aspects of your A3 Tactical, Inc. product, please contact us BEFORE proceeding with its operation. If you are unfamiliar with the proper use of the product, you should seek formal training BEFORE using the product. A3 Tactical, Inc. strongly recommends a certified armorer install the A3 Modular Brace.

YOU MUST FOLLOW ALL OF THESE SAFETY RULES TO ENSURE THE SAFE USE OF YOUR A3 MODULAR BRACE. FAILURE TO FOLLOW THE INSTRUCTIONS AND WARNINGS IN THIS MANUAL, OR IF THIS PRODUCT IS CARELESSLY OR IMPROPERLY HANDLED, INJURY OR DEATH COULD RESULT TO YOU OR OTHERS AND/OR DAMAGE TO PROPERTY.
